

SLIP #

IDEA # 567: Please re-arrange the furniture in the waiting area of Podiatry to accommodate wheel chairs and provide clearance for toes not to be run over.

Suggested resolution: _____

IDEA # 571: Suggest that there be direct communication between primary care clinic that is referring a patient and the specialty clinic the patient is being referred to.

Suggested resolution: _____

IDEA # 572: Elevators are crowded and busy, ALL employees with carts full of food, medical supplies, work equipment ect. should be using the service elevators, not the main elevators.

Suggested resolution: _____

IDEA # 572: On the pharmacy board showing names for prescriptions that are ready, as the names are added can there be some sort of annotation showing it's a newly added name so patients don't have to read through the whole list of names to see if theirs was added.

Suggested resolution: _____
